ACTION ALERT

DATE: October 4, 2011
TO: Concerned Parties
FROM: Hilary O. Shelton, Director, NAACP Washington Bureau

The American Jobs Act is Introduced in Both The U.S. Senate and The House of Representatives
COMPREHENSIVE JOBS BILL CREATES JOBS, TRAINS WORKERS, ASSISTS IN CREATING AND EXPANDING SMALL BUSINESSES, EXTENDS UNEMPLOYMENT INSURANCE AND PROHIBITS DISCRIMINATION AGAINST THE UNEMPLOYED

THE ISSUE:
Unemployment rates nation-wide are critically high: In August, 2011, the official national unemployment rate was reported at over 9%. Among African Americans, the rate is much higher, at 16.7%. For African American males the rate is 17.5%, and for black teens it's nearly 41%. 1.4 million African Americans have been out of work for more than 6 months. That is why the NAACP is so encouraged by President Obama’s jobs proposal – announced September 9, 2011 – and his statement that “inaction is not an option”. The NAACP applauds the President and Congress, for focusing on the need for an aggressive, national job creation program and addressing an issue that the NAACP has been calling a very crucial need for a long time.

The President's plan, the American Jobs Act (which been introduced in the U.S. Senate as S. 1549 and in the House of Representatives as H.R. 12) will expand opportunities for the long-term unemployed to reenter the workforce, provide incentives for businesses to hire and make investments in revitalizing schools, infrastructure and neighborhoods. It also extends unemployment insurance to benefit the long-term unemployed and their families. The plan supports summer / year-round jobs for youth. The tax cuts portion will benefit over 100,000 African American small businesses and will help African American owned small businesses access capital.

The President is also proposing to invest $15 billion in a national effort to put construction workers on the job rehabilitating and refurbishing hundreds of thousands of vacant and foreclosed homes and businesses. In addition, his plan would invest $25 billion in school infrastructure to modernize at least 35,000 public schools, with the funds targeted at the lowest income districts. The bill would also invest $35 billion to prevent layoffs of up to 280,000 public school teachers, while hiring tens of thousands more teachers and keeping first responders, such as cops and firefighters on the job.

Lastly, the President’s plan would target the long-term unemployed by proposing a tax credit of up to $4,000 to employers for hiring workers who have been looking for a job for more than 6 months. The President’s plan also specifically prohibits employers from discriminating against unemployed workers, which has been a priority for the NAACP as expressed by President and CEO Benjamin Jealous at the white House earlier this year.

The NAACP plans on keeping job creation and anti-employment discrimination a priority for American lawmakers until people and our economy are back at work. As such, we will continue to review and assess all job creation plans and strongly promote and advocate for those which will offer the greatest amount of help to those most in need.

THE MESSAGE

- The current official unemployment rates – over 9% nationally, 16.7% among
  African Americans, 17.5% for African American men and more than 41% for
  black teens – are unacceptable, and many experts believe these numbers are
  artificially low.

- We need an aggressive national job creation plan to put our people, and our
  economy, back to work.

- The American Jobs Act will expand opportunities for the long-term
  unemployed to reenter the workforce, provide incentives for businesses to
  hire, prohibit discrimination against the unemployed, build and expand small
  businesses and make much-needed investments in public schools, teachers,
  fire fighters, police officers and our nation’s infrastructure.

RE: SUPPORT FOR THE AMERICAN JOBS ACT AND COMPREHENSIVE, AGGRESSIVE JOB CREATION

Dear Senator / Representative ________________________________:

As your constituent, I strongly urge you to join me in supporting President Obama’s American Jobs Act. The current official unemployment rates – over 9% nationally, 16.7% among African Americans, 17.5% for African American men and more than 41% for black teens – are unacceptable, and many experts believe these numbers are artificially low. We need an aggressive national job creation plan to put our people, and our economy, back to work.

The American Jobs Act will expand opportunities for the long-term unemployed to reenter the workforce, provide incentives for businesses to hire and make investments in revitalizing schools, infrastructure and neighborhoods. It also extends unemployment insurance to benefit the long-term unemployed and their families. The plan supports summer / year-round jobs for youth. The tax cuts portion will benefit over 100,000 African American small businesses and will help African American owned small businesses access capital.

The President is also proposing to invest $15 billion in a national effort to put construction workers on the job rehabilitating and refurbishing hundreds of thousands of vacant and foreclosed homes and businesses. In addition, his plan would invest $25 billion in school infrastructure to modernize at least 35,000 public schools, with the funds targeted at the lowest income districts. The bill would also invest $35 billion to prevent layoffs of up to 280,000 public school teachers, while hiring tens of thousands more teachers and keeping first responders, such as cops and firefighters on the job.

Lastly, the American Jobs Act would target the long-term unemployed by proposing a tax credit of up to $4,000 to employers for hiring workers who have been looking for a job for more than 6 months. It would also specifically prohibit employers from discriminating against unemployed workers.

Our nation needs to maintain the issues of job creation and anti-employment discrimination as a top priority until our people and our economy are back at work. Accordingly, I look forward to hearing from you soon as to what you are doing to create jobs and ensure that the long-term unemployed are offered adequate opportunities, as well as what I can do to help you in this endeavor.

Sincerely,

(sign and print your name and remember to include your address)

Remember to contact your Representative and BOTH your Senators.
